Vision

We aspire to do advancement of knowledge through excellence and innovation in education, research, and outreach activities.

Mission

To conduct high quality educational and research activities that benefit students, researchers, and communities across the nation. We will also abide to extend, apply, and exchange knowledge between the institutions, industry and society.
The Shirpur Education Society has over the years, knitted together a large network of educational institutions throughout the length and breadth of Shirpur. From pre-primary schools, primary schools, ashram schools, secondary and higher secondary schools to professional college and institutes that offers courses like Pharmacy, D.Ed., B.Ed., MCA, MCM, Computer Engineering, entire education has a single-minded goal and mission to provide hope, direction and the promise of a bright future for aspiring youth from all over country.

To satisfy the growing demands of pharmacy professionals for country and also to accommodate all sectors of society, H. R. Patel Institute of Pharmaceutical Education and Research has been started in 2004 (Previously known as H. R. Patel Women's College of Pharmacy). Within the short span of time, this institution too has earned reputation in pharmaceutical arena and which is today, acquired a pioneering position in North Maharashtra. This success is surely efforts of dedicated faculties, quality students and broad base of sophisticated instruments, enriched library and educationally encouraging environment.

I am very happy know that the institute is bringing out the Institutional Magazine.

Best wishes to the team HRPIPER for all the endeavors.

Hon. Shri. Amrishbhai R. Patel
President
Shirpur Education Society, Shirpur
From Principal’s Desk

“Always strive for being extraordinary, and for being extraordinary one has given in extraordinary efforts, no compromise”

On behalf of the entire H R P I P E R fraternity, I am delighted to welcome you to our college. Our commitment is to endow the students with innovative, in-depth and high level learning, develop their moral values and empower them with skills and attributes of an ingenious problem solver and critical thinker. We prepare our students to confidently face the challenges of the highly competitive world and career progression and also nurture them to become responsible human beings who are able to effectively deliver the needs of a developing nation.

The college has a highly qualified, committed and talented teaching faculty who facilitate the students to keep abreast with academic challenges and developments. Our teaching-learning methods encourage inter-disciplinary approaches through innovation projects, conferences, seminars, talks and workshops. Experiential learning techniques are used for an effective implementation of the curriculum.
